

## Press Release: Delhi Center Launch

**exëvo sets up state-of-the-art research facility in New Delhi, India**

*Expected to house 1000 research professionals by end of next year.*

### NEW DELHI, 2nd September 2005

Continuing on their aggressive global expansion, leading Knowledge Process Outsourcing firm, exëvo, has created a state-of-the-art research facility in New Delhi, India. The 35,000 sq. ft. facility is expected to house 1000 research professionals by the end of next year.

President and CEO of exëvo, Manish Modi said at the opening, "We have built a best-in-class facility that will support the increasing research needs of our global clients. It is strategically located in New Delhi which is rated as the leading outsourcing destination in India. The facility is designed to support the full range of our multi-process, multi-geography, and multi-lingual research services."

Vice President of Client Servicing, Alok Tayal, spoke proudly of their achievements, "The contract-to-commission process was completed in record time of 4 weeks, and is representative of the exceptional execution talent that we have built at exëvo. The facility is unique in that it is home to a full spectrum of research tools and technologies including CATI and web survey programming, scanning and processing, 100% voice recording capabilities as well as analytics tools such as SPSS, Quantum, Win Cross and SAS."

"exëvo provides end-to-end research and support process outsourcing for global Market Research firms that includes Survey Programming, Data Collection, Data Entry, Data Processing and Data Analysis."

### About Us
